

Species Iris Group of North America

SIGNA 2010

44th Species Iris Seed Exchange

Greetings from the Seed Exchange Chairs, Jim Murrain and Jim Waddick. Seed donations are down about 20% this year. Still the choice and variety is exceptional. We hope that you'll be tempted by many items. As usual seed orders will be filled in the order received. Send in your order form immediately for the best selection. Seeds may also be ordered on-line at the NEW SIGNA web site www.signa.org. Please check the web site for late arrivals and current updates. Shipment of seeds will begin after January 17, 2011. Orders received after that date will be filled as time permits. Orders received after March 12, 2011 will be filled from a reduced inventory by the Membership Chairman, Rodney Barton.

New: Seed Envelopes. This year we are selling the same seed envelopes we use for mailing seeds to members, for the modest cost of \$4 per 100 envelopes. These glassine envelopes are 1 ¾ x 2 ¾ inch and open at one end. No extra charge for shipping if ordered along with seeds. Limit 300 envelopes.

MEMBERS ONLY: Seeds are only available to members of SIGNA. Please share your SIGNA list with friends who are non-members. They may copy the order blank, send in their own order and must include \$12.00 for one year's membership along with their seed order. Please note that SIGNA has authorized a new "Electronic Membership" at a reduced rate. We have included a place at the bottom of the order blank for new members joining and ordering at the same time. If you are already a member and wish to pay your dues at the same time, you may do that in one mailing with one payment.

PRICE: The price of seeds is \$1 per packet. There is a \$2 charge for shipping and packing per order. If ordering and paying on-line, there is an added \$1 per PayPal transaction. If you send a check or cash DO NOT add the \$1 PayPal charge. One payment can cover seed, membership, envelopes and charges in one mailing. The Seed Exchange is the primary fund-raiser for SIGNA and donations are very much appreciated.

SEED LIST INFO: Each variety has a code that indicates year of the list, an alphabet code for the kind of iris and a three digit serial number such as 09TB021. All seeds in this years list have the prefix "10". The list is divided into 6 sections. Alphabetical codes are as follows:

- | | | | | |
|--------------------------------|--|--|---|---|
| I Bearded: | Dwarf DB , | Median MB , | Tall TB | Arillate AR |
| II Crested: | Lophiris: CR | | | |
| III Beardless: | Chinenses CH ,
Pacific Coast PC ,
Tripetalae TR , | Foetidissimae FT ,
Hexagonae LA ,
Misc Beardless MS . | Laevigate LV ,
Siberian SB , | Laevigate Hybrids LH ,
Spuria SP , |
| IV Bulbous: | Xiphium XP , | Reticulate RT , | Scorpiris JU , | Nepalensis NP |
| V Wide Crosses: | SX (excluding Arilbred – see I Bearded) | | | |
| VI All Other Iridaceae: | XX | | | |

ABBREVIATIONS: Abbreviations following the name: **HP** means Hand Pollinated, **OP** means Open Pollinated, **WC** means Wild Collected, and **ex.** indicates that the seeds were originally from another specific source (such as a person, a seed exchange, wild location, named cultivar, or a garden). Seeds of named cultivars ARE NOT identical to their parents and should never be given that name in the garden. They are new seedlings.

NUMBERS: After each item in the seed list, you will find an abbreviation estimating the total number of seeds available.

VF = Very Few Seeds (less than 25) available. These will sell out immediately. **FW** = Few seeds (under 50) available. **Be sure to check substitutes** when ordering seeds marked **VF** or **FW**. Seeds in short supply may have as few as 4 seeds per packet and they will never be used as substitutes. Items marked **AV** are generally available and most orders will be filled although packets may have fewer seed than items marked **AB** which are in abundant supply, are unlikely to sell out and will have more generous size packets. If you want items with more seeds per packet, order items marked **AB**. We DO NOT send more than one packet per listing per order. We do accept 2nd and 3rd orders, but these are filled in the order received to give all orders more equal chances. Most seed packets will have 10 or more seeds each.

REFERENCES: The Iris by Brian Mathew, Iris of China by James Waddick and Zhao Yu-tang, The World of Iridaceae by Clive Innes and the SIGNA Checklists are used to verify names. In a few instances, we have included names that we were unable to verify. You should also consult the SIGNA Species Database at www.signa.org. There you can view information and photos of flowers, plants and seeds. Correct seed identification is not guaranteed, but based on information supplied by donors.

DONATING SEED

DATES: For the 2011 SIGNA Seed Exchange. All seeds should be sent **no later than Tuesday November 1, 2011**. For later ripening seed, please send a list and brief description of each by the above date, so they may be included. Late ripening seed donations must be received no later than **December 1, 2011**. Seeds received after this date may be used as extras or held for the following season's list.

LABELING: Mark each envelope clearly and legibly with the correct name. If it is a named cultivar, please provide the species name or hybrid group to which it belongs. If it is from hand pollination, mark it **HP**; if it is wild collected, mark it **WC** and give the town, county, state, country and elevation if known; if it is from plants growing in your garden that were wild collected, write "ex." then give the above information; if it is grown from seed received from someone else or a seed exchange (SIGNA, BIS, NARGS), so indicate. Try to give a brief two to four word description, especially if there are any unique characteristics. Seeds with clear descriptions are always more popular. Be sure to include your name and address.

SEED COUNTS: Please give an estimates seed count on every packet. This is essential for a smooth account of seed and list production. You do not need to count every seed unless there are less than 50 or so, an estimated within 10 to 20 seeds is fine, but PLEASE count every seed donation and print the number clearly on the packet.

ALL SEEDS: Please send seeds of any iris species or any member of the Family Iridaceae. Even the most common and abundant species are welcome and appreciated. Hand-pollinated, wild collected and uncommon species are especially sought after. There are multiple requests for every one of the donations. Be sure seeds are fully dry before packing.

HAND POLLINATED: PLEASE try to hand-pollinate the species in your garden specifically for the Seed Exchange, either by using two clones of the same species or by selfing. Hand pollination assures that a particular species will come true from seed. This is especially important for those species that readily cross with other species (e.g. bearded, aril, siberian, PCN, LA, spuria, etc.). This is the only way to preserve these true species!

WILD COLLECTED: Many of us live near an area where irises grow wild. Wild collected seed is extremely popular and the best way to insure genetic diversity. If you know an area where irises are growing wild, please make a trip to collect from as many plants as possible. Even if it is a widespread species, we have many members who would like to grow seeds of your native iris.

QUANTITY: 100 to 300 seeds are ideal, but any number is welcome. Even if you only have one packet of seed to send, please do. They are greatly appreciated. Small glassine seed envelopes are the preferred method for packaging seed. Please do not use film canisters, small boxes, plastic bags, etc. as they are difficult to organize.

FEED BACK: Donating seeds is fun, but takes some effort. Our donors would appreciate your feed back on how their donated seeds performed. If they were misnamed let them and us know. Mostly show your appreciation by dropping a note and telling them your experience and thanks, too.

The SIGNA Seed Exchange is the main fund-raiser for SIGNA. The proceeds go toward the publication of our SIGNA Bulletin and help to sponsor collecting trips, special publications, and research grants. **Please support SIGNA** by donating seed in 2011. **Send seed to:** SIGNA Seed Ex, 8871 NW Brostrom Rd., Kansas City, MO 64152). If you have more questions Contact Seed chairmen at SIGNASeedEx@gmail.com or phone 816.746.1949.

SPECIAL NOTE FOR FOREIGN DONORS: For all donors outside of the United States, please send seed to the seed chairmen at the above address and email in advance for the current regulations regarding import of seed into the US. Foreign donors should send seeds no later than Oct. 30, 10 to allow time for proper inspections.

We appreciate all comments to the Seed Chairman or the President of SIGNA regarding this seed list. We appreciate fresh seed donations any time of the year. Please hand pollinate, collect wild seed and donate garden seed.

Thanks from SIGNA.

Jim Murrain and Jim Waddick

HOW TO ORDER SEED

You can order seeds in 2 ways:

Fill in this order form or a copy and mail it with payment to the SIGNA Seed Ex address below.
Go to www.signa.org and follow ordering instructions to order on-line.

PRICE: \$1 per packet plus \$2 per order for shipping and handling.

Orders must be received no later than **March 15, 2011**.

SUBSTITUTES: Please mark ample substitutes in case your preferred seeds are sold out. See instructions on order form.

LATE ARRIVALS: Check the SIGNA Web site for late arrivals and current availability.

PAYMENT: US members please enclose check or Money Order and make payable to "SIGNA".
Foreign members please use US Currency, International Money Order or a draft on a US bank.

PAYPAL: All SIGNA members may prefer to pay with a PayPal account. Simply "send cash" to SIGNASeedEx@gmail.com Send order list of primary choices and substitutes along with mailing address and membership renewal to address above or email to SIGNASeedEx@gmail.com Please add a \$1 PayPal service charge.

Mail this form and payment to:
SIGNA Seed Ex,
8871 NW Brostrom Rd,
Kansas City, MO 64152-2711

MEMBERSHIP: If you are not a current member of SIGNA and wish to order, please add membership dues and indicate if one or three years. Current membership rates are given on the payment section of the order blank. You may also pay for membership via PayPal.

REFUNDS: NONE. If we cannot fill your order and you have not made enough substitutes, the remaining amount will be considered a donation to SIGNA. Please mark substitutes. We try to fill orders with extras if possible.

DONATIONS: Sending an order to the Seed Ex is an opportunity to support SIGNA. You may round up your check to the \$5 or \$10 mark or simply add any amount. Costs of all supplies and shipping are constantly rising and your help is much appreciated. All workers are volunteers. Thanks.

ADDRESS: Be sure to include your full NAME, ADDRESS and EMAIL address, if available. PRINT CLEARLY.
