

SIGNA: Species Iris Group of North America 2014

48th Species Iris Seed Exchange

Greetings from the Seed Exchange Chair, Walter Pickett

Growing Iris from seed is a unique opportunity, a challenge, and the heart of SIGNA. This is a new year for me as Seed Exchange chair and I wish to thank all the people who have been helping during my first run in this position. Please thank Dennis Krumb for making it possible to order on the WEB. This has made the operation immensely easier for all members, especially foreign members.

Each year I will try to improve the system. I am still learning the ropes but I have confidence that it will get easier as time goes by. .

MEMBERS ONLY: Seeds are **only** available to members of SIGNA. Please share your SIGNA seed list with friends who are non-members. They may copy the order blank and send in their own order, but must include payment for one year's membership (even the basic price electronic membership) along with their seed order. We have included a place at the bottom of the order blank for new members to join and order at the same time. If you are already a member and wish to pay your dues, you may do that in one mailing with one check or by PayPal. We do not accept credit card payments.

PRICE: The price of all seeds is unchanged at **\$1** per packet. There is a minimum of 4 seeds per packet. The cost of shipping continues to increase due to higher cost of postage. This has forced us to raise the charge for shipping. There is a flat **\$3** charge for each order to an address in the USA. Orders to all other countries including Canada must pay **\$7** per order. We regret the high cost to foreign members, but this charge is less than the actual costs to SIGNA. If ordering and paying on-line, there is an added **\$1** per PayPal transaction. If you send a check or cash **DO NOT** add the \$1 PayPal charge. We are no longer selling glassine seed envelopes. Although these were popular purchases the increase in postage raises the price of shipping above our standard charges. The Seed Exchange is the primary fund-raiser for SIGNA and donations are very much appreciated.

ORDERS: Seed orders are filled in the order received. Seed should be ordered on-line at the SIGNA web site www.signa.org or from this printed form in the SIGNA Newsletter. We highly recommend ordering from the SIGNA web site since it lists all late arrivals and indicates **SOLD OUT** seeds. Please check for the most current updates at the web site before placing an order. We strongly recommend that **ALL** orders be placed on the SIGNA web site. Seeds will begin shipping in Jan. and Feb. 2015. Orders received after Mid-March, 2015 will be filled from a reduced inventory by the Membership Chairman, Rodney Barton. Please refer to the web site if placing a late order. Seed donors get priority in filling orders.

SEED LIST INFO: Each variety has a code that indicates year of the list, an alphabet code for the kind of iris and a three digit serial number such as 14TB021. All seeds in this years list have the prefix "14". The list is divided into 6 sections. Alphabetic codes are as follows:

I Bearded:	Dwarf DB	Median MB	Tall TB	Arillate AR
II Crested/ Lophiris:	CR			
III Beardless:	Chinenses CH	Foetidissimae FT	Laevigate LV	
	Louisiana LA	Pacific Coast PC	Siberian SB	Spuria SP
	Tripetalae TR	Misc Beardless MS		
IV Bulbous:	Xiphium XP	Reticulate RT	Scorpiris JU	Nepalensis NP
V Wide Crosses:	SX (excluding Arilbred – see I Bearded)			
VI All Other Iridaceae:	XX			

ABBREVIATIONS: Abbreviations following the name: **HP** means Hand Pollinated, **OP** means Open Pollinated, **WC** means Wild Collected, and **ex.** indicates that the seeds were originally from another specific source (such as a person, seed exchange, wild location, named cultivar, or garden). Seeds of named cultivars **ARE NOT** identical to their parents and should never be given that name in the garden. They are new seedlings. Colors are abbreviated using English names.

AVAILABLE SEEDS: After each item in the seed list, you will find an abbreviation estimating the total number of seeds available.

VF = Very Few Seeds (less than 25) available. These will sell out quickly. There may be as few as 1 packet of seed, but no more than six packets. If you place your order late, **PLEASE DO NOT** order these items.

FW = Few seeds (about 50) available. **Be sure to check substitutes** when ordering seeds marked **VF** or **FW**. Seeds in short supply will have as few as 4 seeds per packet and these may not be used as substitutes.

AV = Available. This means that seeds are generally available and most orders will be filled. Packets may have between 5 and 10 seeds.

AB = Abundant. Seeds are in abundant supply, are less likely to sell out and will have more generous number of seeds per packets. If you want items with more seeds per packet, order items in abundant supply. We **DO NOT** send more than one packet per listing per order. We do accept 2nd and 3rd orders, but these are filled in the order received to give all orders more equal chances. Most seed packets will have 10 or more seeds each.

Please list substitutes on all orders.

REFERENCES: The Iris by Brian Mathew, Iris of China by James Waddick and Zhao Yu-tang, The World of Iridaceae by Clive Innes and the SIGNA Checklists are used to verify names. In a few instances, we have included names that we were unable to verify. You should also consult the SIGNA Species Database at www.signa.org.

There you can view information and photos of flowers, plants and seeds. Correct seed identification is not guaranteed, but based on information supplied by donors. All this information is available at www.signa.org. The AIS Iris Encyclopedia is also a useful source of information on names <http://wiki.irises.org/bin/view>.

If you want more detailed information on parentage please visit the on-line seed list.

DONATING SEED

DATES: For the 2015 SIGNA Seed Exchange. All seeds should be sent when fully ripe and dry, **no later than November 1, 2015**. For late ripening seed, please send a list and brief description of each by the above date, so they may be included.

Late ripening seed donations must be received no later than **December 1, 2015**. Seeds received after this date may be listed on the web site as "Late Arrivals", used as extras or held for the following season's list. Please send all seed to:

SIGNA Seed Ex, Walter Pickett, 314 E 2nd St, Ellsworth KS 67439-3504

DONORS NOTE: All seed donor orders go to the head of the line when we fill orders. Even though orders are filled in the orders received, seed donor orders receive priority. Since we rely on donor generosity in this Seed Exchange, this recognition is to encourage more donations. Donors must still pay full prices and shipping for their orders.

ALL SEEDS: Please send seeds of any iris species or any member of the Family Iridaceae. Even the most common and abundant species are welcome and appreciated. Hand-pollinated, wild collected and uncommon species are especially sought after. PLEASE, PLEASE try to hand-pollinate the species in your garden specifically for the Seed Exchange, either by using two clones of the same species or by selfing. Hand pollination assures that a particular species will come true from seed. This is especially important for those species that readily cross with other species. This is the only way to preserve these true species!

WILD COLLECTED: Many of us live near an area where irises grow wild. Wild collected seed is extremely popular and the best way to insure genetic diversity. If you know an area where irises are growing wild, please make a trip to collect from as many plants as possible. Even if it is a widespread species, we have many members who would like to grow seeds of your native iris.

QUANTITY: 100 to 400 seeds are ideal, but any number is welcome. Donations of fewer than 10 seeds may not be listed and may be used as extras. Small paper envelopes are the preferred method for packaging seed. Glassine seed envelopes are ideal for most seed donations. Please do not use film canisters, small boxes, plastic bags, etc. as they are difficult to handle or organize and may promote seed loss.

LABELING: Mark each envelope clearly and legibly with the **CORRECT NAME** of the Iris. If it is a named cultivar, please provide the species name or hybrid group to which it belongs such as Siberian, Spuria etc. If it is from hand pollination, mark it **HP**; if it is wild collected, mark it **WC** and give the town, county, state, country and elevation if known; if it is from plants growing in your garden that were wild collected, write "ex." then give the above information; if it is grown from seed received from someone else or a seed exchange (SIGNA, BIS, NARGS), so indicate. Try to give a brief two to four word description, especially if there are any unique characteristics. Seeds with clear descriptions are always more popular. Be sure to include **YOUR FULL NAME & ADDRESS** and email contact.

PLEASE GIVE THE SEED COUNT on every packet. This is extremely important to insure an accurate distribution of seeds and give a fair indication when ordering these seeds.

PROHIBITED SEED: Although we appreciate all seed, we will no longer accept or offer typical *Iris pseudacorus*. We will still gladly offer special forms, colors, hybrids and from named cultivars. Increasing evidence suggests that we cannot encourage its invasive nature by sending seed to growers world wide. We hope you appreciate our restrictions, even if controversial.

FEEDBACK: Donating seeds is fun, but takes some effort. Our donors would appreciate your feedback on how their donated seeds performed. If they were misnamed let them and us know. Mostly show your appreciation by dropping a note and telling them your experience and thanks, too.

DONATIONS: The SIGNA Seed Exchange is the main fund-raiser for SIGNA. The proceeds go toward the publication of our SIGNA Bulletin and help to sponsor collecting trips, special publications, and research grants. **Please support SIGNA** by donating seed in 2015. **Send seed to: SIGNA Seed Ex, Walter Pickett, 314 E 2nd St, Ellsworth KS 67439-3504.** You may also make a monetary donation on the order form. If you have any questions, please contact Seed Chairmen at SIGNASeedEx@gmail.com or phone 816-746-1949.

SPECIAL NOTE FOR FOREIGN DONORS: For all donors outside of the United States and before sending seed to the seed chairmen, please email in advance for the current regulations regarding import of seed into the US. Foreign donors should send seeds no later than Oct. 1, 2015 to allow time for proper handling and inspections. We will provide detailed info on import and documentation to insure easy, safe and legal transfer of seeds.

HOW TO ORDER SEED

You can order seeds in 2 ways:

Go to <http://signa.org/> and follow instructions to order on-line. **RECOMMENDED.**

Fill in this order form or a copy and mail it with payment to the SIGNA Seed Ex address below.

PRICE: \$1 per packet (SIGNA Select \$2 per packet) plus \$3 per order for shipping and supplies to addresses in the US. Orders beyond the US including Canada, please add \$7 per order for shipping and supplies. Orders from this list must be received no later than **March 15, 2015.**

SUBSTITUTES: Please check mark ample substitutes in case your preferred seeds are sold out especially for those marked **VF** or **FW**. See instructions on order form. Mailed orders require even more substitutes.

LATE ARRIVALS: Check the SIGNA Web site for late arrivals, SOLD OUT and current availability.

PAYPAL: We recommend that all SIGNA members pay with a PayPal account. Simply “send cash” to SIGNASeedEx@gmail.com Send order list of primary choices and substitutes along with mailing address and membership renewal to address above or email to SIGNASeedEx@gmail.com Please add a \$1 PayPal service charge.

PAYMENT: US members may enclose check or Money Order and make payable to “SIGNA”. Foreign members please use PayPal, US Currency, International Money Order or a draft on a US bank.

Mail order form and payment to: **SIGNA Seedex**
 Walter Pickett
 314 E 2nd St,
 Ellsworth KS 67439-3504

MEMBERSHIP: If you are not a current member of SIGNA and wish to order, please add membership dues and indicate if one or three years. Current membership rates are given below. You may also pay for membership and renewal via PayPal.

REFUNDS: NONE. If we cannot fill your order and you have not marked enough substitutes, the remaining amount will be considered a donation to SIGNA. Please mark substitutes. We try to fill orders with extras if possible.

DONATIONS: Sending an order to the Seed Ex is an opportunity to support SIGNA. You may round up your check to the \$5 or \$10 mark or simply add any amount. Costs of all supplies and shipping are constantly rising and your help is much appreciated. All workers are volunteers. Thanks.

ADDRESS: Be sure to include your full NAME, POSTAL ADDRESS and EMAIL, if available. PRINT CLEARLY.

ORDER FORM

FIRST CHOICES: CIRCLE the number clearly.

SUBSTITUTES: Place a **CHECK MARK** in the box to the **RIGHT** of the number.
